

1-Day Presentation Skills Programme

Your ability to communicate with clarity, confidence and credibility is your number one key to success. No matter how innovative your solutions or how logical your conclusions, if you fail to influence, inspire and convince your listener, your efforts are in vain.

Some people relish the chance to present while others find public speaking a struggle. The good news is that being able to present at your authentic best is a skill that can be learned.

As a result of this programme you will gain the skills to:

- Connect with your audience
- Structure your content
- Tell a compelling story
- Use your voice and body to support your message
- Enhance your use of language
- Answer questions

Methods used include and are not limited to:

- Vocal and physical exercises
- A formula for structuring your presentations
- Coach and peer feedback
- Video review

By the end of the programme delegates will have the confidence and expertise to create and deliver compelling and convincing presentations anytime, anyplace.

Kuhnke Communication also offers an Advanced Presentation Skills programme consisting of 2 days back-to-back with a third day follow-up 3-4 months after the initial training. Further information will be provided upon request.
